FIVE STARS FOR PERFORMANCE – Middle T

“I’m just gonna cut to the chase and say that the Middle T sounded so good that I listened to it mostly just for pure pleasure... **Brent Butterworth, Home Theatre Review.com**

“A reference in their class, the Mini T’s can be compared comfortably with speakers costing two or even three times their asking price. You have to hear these!

Jan Erik Nordoen, Le Magazine Son Image

“The Minis have what it takes to achieve great musical performance proficiency providing engaging overall sound — **effortless, intimate, and musical and involving...** the kind that captures the very spirit and soul... I have no hesitation recommending the Mini T’s.

“The sound [of the Bryston Model T Signatures] was **simply terrific**: big, open, precise imaging, with tremendous dynamics, especially in the bass. The bass is said to be flat to 25Hz, and, based on what I heard, I don’t doubt it. **Bryston has a winner here.**”

Robert Deutsch, Stereophile show report

“The Model T is a **balls-to-the-wall, highly capable floorstander** that offers tremendous levels of control, dynamic ability, and class-leading bass performance. **Aron Garrecht, Soundstagenetwork.com ([read the review](#))**
